Refer also to Section Two for further requirements and deadlines. ***If needed information is not covered in these instructions, please contact us with your questions using the contact information on the cover page.***

a. BIDS:

This is a Construction Management Project. There is no General Contractor. All contractors on this project will be considered prime contractors. HFHSCMN will award separate contracts for all Bid Divisions involved in the project. The project shall be administered by the Construction Manager. Bid submissions can be received between the bid period opening date and the final bid acceptance time as noted in Section Two. Printing costs for the bid packet, plans, and specifications are the sole responsibility of the bidder. **HFHSCMN reserves the right to reject any or all bids and waive any irregularities in bids. HFHSCMN reserves the right to award the contract in any Building Division between two Bidders, one per home.**

Prospective bidders are welcome to pre-view plans and specifications at the HFH Office in Mankato. Please call 507-388-2081 to make an appointment.

b. QUALIFICATIONS OF BIDDERS:

HFHSCMN reserves the right to reject any bid if the evidence submitted by, or investigation of, such Bidder fails to satisfy HFHSCMN that such Bidder is properly qualified to carry out the obligations of the Agreement to complete the Work contemplated therein.

Pre-bid meetings with interested bidders will be held after documents have been sent out and before the bid opening date as indicated in Section Two. The purpose of the meeting is to familiarize bidders with the project. The Construction Manager will be in attendance.

Before submitting a Bid, each Bidder must

- (a) examine the Bidding Documents thoroughly
- (b) visit the site to familiarize themselves with local conditions that may in any manner effect cost, progress or performance of the work
- (c) familiarize themselves with federal, state and local laws, ordinances, rules and regulations that may in any manner effect cost, progress or performance of the work
- (d) study and carefully correlate Bidder's observation with the Bidding Documents.

c. DOCUMENTS FOR BIDDING:

Each contractor will have access to the full, complete bid packet. Neither HFHSCMN or the Construction Manager assume any responsibility for errors or misinterpretations resulting from the use of partial bid packets.

d. INTERPRETATION, SUBSTITUTIONS, MODIFICATIONS, AND ALTERNATES:

If potential bidders are in doubt as to the true meaning of any part of the drawings, specifications, or bidding documents, a written or email request for clarification may be submitted to the Construction Manager. Requests **MUST BE RECEIVED** at least seven (7) working days prior to the opening date as described in Section Two. Those submitting a request are responsible for its prompt delivery directly to the Construction Manager or Program Coordinator, listed on the cover page. Any interpretation, clarification, or correction of the documents will be made by Addendum issued by the Construction

Manager. A copy of the addendum will be made available for other bidders at habitatscmn.org or at the office of the Construction Manager. Any addenda issued during the time of bidding or forming Bidding Documents loaned to the Bidder for the preparation of this bid shall become part of the contract. Bidders will sign for receipt of the addendum on the Proposed Bid Form.

Requests for approval of substitutions must be made in writing or via email to the Construction Manager and must be received seven (7) working days prior to the date set for receipt of bids. The Construction Manager will issue a written addendum list the products approved not later than three (3) working days prior to the bid date. A copy of the addendum will be available online at habitatscmn.org and at the office of the Construction Manager. The Contractor shall not furnish any substitute material, product or equipment if not approved. If rejection of any such unapproved substitution causes a change in supplier proposed, or removal of work in place, there shall be no increase in the Contract Sum allowed due to any increase in cost occasioned by such change or removal. Items receiving prior approval will be subject to final approval when shop drawing submittals are reviewed. The Contractor shall be responsible for fit and clearances of substituted items and for making any modifications in his work or the work of other Contractors necessitated by using any substitution, without cost to HFHSCMN or other affected Contractors.

A Bid Form shall not contain any handwritten modifications of the work to be done. Any proposed modifications to the work to be done will need to be approved in writing by the Construction Manager. Alternate bids will not be considered unless specified on the Bid. A conditional Bid or qualified Bid will not be accepted. Bidder shall quote all Alternates as described in the Bidding Documents. If a contract is to be awarded, it will be awarded to the Bidder whose evaluation by HFHSCMN indicated that the award is in the best interest of HFHSCMN. Should there be reasons why a Contractor cannot be awarded within the specified time for bids to remain open, the time may be extended by mutual agreement between the Construction Manager and the Bidder.

i. **NOTICE OF AWARD:**

If a Bid is accepted by HFHSCMN, the Bidder's Proposed Bid Form will be signed by HFHSCMN and will constitute the contract. A copy of the Contract will be forwarded to the Bidder.
